Job Title: Front End Developer or ReactJS Intern

Respected HR,

I saw your job posting on Linked In. I think that my skills make me a good fit for this opportunity, and I hope to be considered for the job.

I have completed my BS B-IT studies at GCUF. During this time I developed proficiency in coding in a number of language including top language such as C++, Perl, HTML,CSS,JavaScript,Python and also learn about AI. After completing my degree I start my career in Mern Stack development. I join Gamica Cloud and passed the assessment test and avail the opportunity of free internship so I have strong 6 months of experience in HTML, CSS, JavaScript, ReactJS, Redux , MUI, npm libraries, GitHub. My curiosity and work ethic allow me to seek out learning opportunities in all projects in order to further contribute towards its success. I am highly flexible and adaptable to the fast-paced development environment and last-minute changes, remaining confident even in the most stressful situations.

I would greatly appreciate your review of my enclosed resume and outlined credentials. I believe that I can be a valuable addition to your business goals. At your convenience, I am available for an interview or further discussion.

I look forward to your response.

Sincerely
Abdullah Tayyab
